BOOK SYNOPSIS

Concise Histology is the successor to Bloom and Fawcett's Textbook of Histology, taking the best features of that classic textbook and presenting them concisely for today's courses that focus on core information and skills. Now in its second edition, Concise Histology presents the essential elements of the body at the cellular, tissue and systems levels, fully illustrated in colour throughout. Accompanying the text is a supplementary CD containing over 500 photograph-based Questions and Answers for practice and self-assessment.
