BOOK SYNOPSIS

"The first port of call for anyone looking to truly understand derivatives markets, appreciate the role they play within the global financial system and develop the technical knowledge to trade." Matthew Thompson, Chief Strategy & Business Development Officer, Dubai Mercantile Exchange "An essential read for anyone serious about understanding the impact of derivatives and technology on the global financial market." Kevin Thorogood, Global Head, Investment Banking/Energy Trading, Thunderhead Ltd "We have used Francesca for training on derivatives in the past. She demonstrates a passion for these markets and for learning. In a fast changing world, the combination of technical learning and practical experience that Francesca applies is helpful in keeping abreast of market developments." Rachael Hoey, Director, Business Development, CLS YOUR ESSENTIAL COMPANION TO THE DERIVATIVES MARKETS Mastering Derivatives Markets provides full up-to-the-minute explanations — with worked examples and screen shots — covering the basics of options, swaps and futures across the key asset classes: rates, currency, equity, commodity and credit. This book is relevant to anyone working within the financial markets, from the new entrant to the seasoned trader looking for updates, and to non-trading personnel working in IT, legal, compliance, risk, credit and operations. Please note that the look inside feature is currently displaying the content of Mastering Derivatives Markets Third Edition, this will be updated soon. Mastering Derivatives Markets Fourth Edition has been completely revised and features new chapters on: The most up to date thinking in the market OTC clearing Regulation Benchmarking Electronic futures trading in the FX market New insights into the commodities markets Carbon trading and environmental products
